

## subtle - Feature #161

### Add icons directly to a panel

12/19/2010 02:30 AM - Dominikh Honnef

<b>Target version:</b>			
<b>Description</b>			
I'd like to add icons directly to a panel, without having to use sublets. Those icons would only serve the purpose of eye-candy and I think that having to have extra sublets for those is a bit unfortunate, especially when dealing with more than 1-2 icons.			
Any thoughts on this?
